## 2022-2023 NSWIS SELECTION GUIDELINES ATHLETICS SCHOLARSHIP PROGRAM

### NSWIS AIM

The NSW Institute of Sport (NSWIS) will work in partnership with sport to deliver programs that will develop and assist identified high performance NSW athletes and coaches to achieve excellence and success at international level.

NSWIS will be a major player in the delivery of internationally recognised programs, coaching and services to achieve world-class performance as a part of an effective, nationally coordinated, high performance sport network.

### PROGRAM PURPOSE

The NSWIS Athletics Program will work in partnership with Athletics Australia (AA) and Athletics NSW (ANSW) to deliver AA's National Athletes Support Structure (NASS). NASS is a system that supports Australian Athletes who have the greatest potential to achieve the sports HP Program goals and targets at the Olympic Games, Paralympic Games, World Championships and Commonwealth Games.

The NASS selection process identifies athletes and uses the Australian Institute of Sport (AIS) categorisation to place each selected athlete within a nationally tiered support model. Under the AIS athlete categorisation model, to be prioritised for support, an athlete must demonstrate potential for future success; as past results are not the sole consideration, especially at the initial levels of NASS (Pathway Stream).

The structure is built into three Streams – Medal Stream, Pathway Stream and the Representational Stream. These Streams identify the medal capable athletes within the current 4-year cycle, our medal capable athletes for the future cycle and our prospective senior team athletes for the coming Championships and then prioritise the resources available to support our elite athletes.

NASS selections occur every six months, through a NASS Selection Meeting, usually after the Australian domestic season, and after the international season/benchmark event (BME).

The NSWIS Athletics program will work partnership with AA, to contribute to the National High Performance goals:

- **To achieve 1-3 medals, supported by an additional 6-10 top eight places, at the Olympic Games and World Athletics (WA) World Championships in Olympic events.**
- **To achieve 4-8 gold medals, supported by an additional 16-20 silver and bronze medals, at the Paralympic Games and World Para Athletics (WPA) World Championships, in Paralympic events.**
- **To finish the top nation on the Commonwealth Games athletics medal table and win WA and WPA World Championships Gold medals in non-Olympic/non-Paralympic Events.**

The NSWIS Athletics Program will support the daily training needs of these identified NASS athletes in NSW and the network of personal coaches to achieve NASS aims.

### SELECTION AIM

The NASS program aims to enhance coaching and performance support systems in each selected athlete's Daily Training Environment (DTE) and to provide domestic and/or international competition opportunities.
